Global Qurban 2017

The sacrifice of Qurban is a highly recommended religious act. The blessed Prophet Muhammad (ﷺ) ordered each family to do so at least once a year. The normal practice in Islam is for the animals to be slaughtered during Eid-ul- Adha, that is, on every 10th, 11th and 12th of Zulhijjah.

In many countries, the act of Qurban has become a community project that benefits those in the immediate locality. Global Ehsan Relief and with our International partners help to facilitate Muslims in donating their sacrifice to the world's most needy families.

We monitor the 'halal' slaughtering process of the Qurban to ensure the humane treatment of the animals and a healthy meat product. As part of its effort to provide quality food distribution to the world's needy communities, we source livestock according to Islamic specifications. This ensures sustainability, and the selection of non-diseased animals.

Alhamdulillah, with your generous support we were able to distribute over 1000 livestock – which includes cows, goats and camels to the poor, needy and orphans in over 15 countries. Your Qurban contributions this year benefitted more than 25,000 people worldwide.

Project Purpose & Expectations

Global Ehsan Relief has been geared to help deprived and most needy people who were also target groups of this project such as orphans, refugees, IDPs and extremely poor people in the project territories. The main purpose of this Project was to assist deprived orphans, destitute children, widows, refugees or the poor belonging to low income group struggling to survive for their bread and butter and fulfill their nutritional needs. Through this program a substantial number of poor people were supplied with meat, which was considered as a great help for the disadvantaged section of society.

How Our Qurban Project Helped

Our Qurban project this year also targeted the following inside Syria, Somalia & Somaliland as they were considered most in need and required much attention as their nutrition levels were very low and some have not had meat in almost a year.

- Internally displaced families
- Camps of displaced families due to continuous conflict and draught
- Recently displaced families and individuals
- Recently displaced families and individuals from the city of Idlib & Aleppo
- Very poor and needy villages surrounding the major cities who are not being targeted by other NGO's.

With your support and Dua's the poor people of different countries were able to have access to Qurban meat on the day of Eid-ul Adha. We pray that the Almighty reward all of you in abundance both in this world and the hereafter.

Syukran & Jazakallah for your support and contributions. The full report and more pictures & videos are available at our website and facebook pages.
