## CARE FOR EDUCATION

### U.N SUSTAINABLE DEVELOPMENT GOALS

#### #4 Quality Education

In some rural, conflict and crisis areas, children do not go to school simply because they do not have the means and cannot afford basic educational materials. Unless education in these areas is prioritised, millions of children will miss out on the chance at a better future for themselves and their countries. With improved education, so many other aspects of life are positively affected.

# CARE FOR CLEAN WATER

## U.N SUSTAINABLE DEVELOPMENT GOALS

#6  
Clean Water and Sanitation

One of the biggest challenges faced by developing countries that suffer from poverty, famine or drought is the lack of access to clean water for drinking, sanitation purposes and ablution. Water is essential to life, yet millions around the world have little to no access to it. Global Ehsan Relief provides communities with access to clean water by building water wells, ablution places and community water wells.

# CARE FOR HUNGER

## U.N SUSTAINABLE DEVELOPMENT GOALS

#1  
No Poverty

#2  
Zero Hunger

People living in developing countries, especially in rural areas, are the most in need of these food aid packs, consisting of non-perishable food items that can help sustain them for a certain period and ease their financial burden. Without the food aid packs, it is difficult for these families to get by each day as they live in poverty and struggle with hunger.

Aside from food packs, we also provide meals to be shared with their families. We want to ensure no one sleeps on an empty stomach. This campaign offers millions of life-saving, nutritious meals and food items to widows, orphans, refugees and more.

### ORPHAN SPONSORSHIP

**938**  
Orphans Sponsored

This project aims to improve orphans' living conditions and organise social activities for orphans and their families. Global Ehsan Relief has sponsored more than 870 orphans, comprising of Hifz and Non-Hifz orphans. All our orphans are provided with nutritious meals each day, clothing and school uniform, healthcare and a dedicated foster mother – all in a loving, caring home.

#### Hifz Sponsorship

In Indonesia, Sri Lanka,  
Palestine

Hifz orphans go through a unique 3-year sponsorship programme that gives them the quality care they need to build a brighter future and supports them in reading, learning and memorising the Holy Qur'an.

Tahfiz is a part of their curriculum, aside from learning the basic subjects such as English, Mathematics, and their local language. By the end of the programme, the children can recite beautiful tajweed. They then get additional support to continue in Islamic or mainstream education or start an apprenticeship.

**342**

#### Non-Hifz Sponsorship

In Indonesia, Sri Lanka,  
Gaza, Cambodia,  
Bangladesh, India,  
Nepal, Senegal,  
Palestine, Syria

The sponsorship programme will ensure that orphans' social, financial and educational needs are met. Apart from that, food, clothing and shelter are provided, as they spent most of their adolescence there.

### UMRAH FOR ORPHANS

**216**  
Orphans

Over the past few years, Global Ehsan Relief, with the help of our international partners, brought Palestinian orphans, who are also refugees, on a trip to Mecca and Madinah to perform Umrah.

The orphans include girls and the visually impaired. It is an educational journey that encompasses spiritual and emotional healing from the trauma they faced and allows them to visit historical places in Madina and Mecca. This educational trip gives these orphans a life-changing experience as for most of them; it is the only opportunity they have to travel and perform Umrah for themselves and their family members. Umrah For Orphans is an ongoing project that takes place at the beginning of each year. Over 200 sponsored for Umrah and more to come with our donors' continuous support, insyaAllah.

# GLOBAL WAKAF PROJECTS

## U.N SUSTAINABLE DEVELOPMENT GOALS

#4  
Quality Education

#9  
Industry, Innovation & Infrastructure

These wakaf projects aim to encourage Muslims to practice virtuous religious attributes. Wakaf is one of the ways of worship or a way to draw closer to Allah through the endowed wealth for benevolence and charitable acts or purposes. It brings immense rewards to both the beneficiaries and the donors.

### MOSQUE

**30**  
Constructed

A mosque is the heart of any Muslim community. Unfortunately, most of these communities, especially in rural villages across the globe, are without mosques. Therefore they do not have a communal place where they can learn and congregate to worship the Almighty. One of Global Ehsan Relief's efforts to provide for the needy is through our project, Wakaf Masjid, whereby we help construct new mosques in several countries.

### QUR'AN

**14,963**  
Distributed

In some countries across Asia, Africa and the Middle East, people do not have the opportunity to learn about the Holy Qur'an. Most of them are poor and needy, thus unable to afford one. Global Ehsan Relief embarked on this project to distribute the Quran to the poor and neglected areas.

### DIGITAL BRAILLE QUR'AN

**1,000**  
Distributed

There are about 2 million blind Muslims in Indonesia. Most of them are living in poverty hence unable to buy a Braille Qur'an.

With our Wakaf Digital Braille Qur'an, we are hoping to make reading and learning of the Qur'an accessible to all in Indonesia.

### SCHOOL

**3**  
Constructed

Education is essential. However, many children do not have the opportunity to go to school to learn. In rural areas of developing countries, there is a severe absence of basic infrastructure and facilities.

Their resources are also limited, and they lack funds. To date, Global Ehsan Relief has built three schools in Cambodia. The schools provide opportunities for the children to receive education in a functioning classroom.

ORPHAN HOME

## Baitul Ehsan Orphan Home

Baitul Ehsan Orphan Home will be Global Ehsan Relief's first Orphan Home project located at Johor Bahru for 20 orphans living here with two caretakers. Our objective is to provide complete care and support to these orphans and shape them into educated individuals, great leaders and productive citizens. We want to create a joyous childhood where they feel secure, loved, and eventually ready to face the world. This orphan home will also have an in-house Tahfiz Program that will enable the children to learn and memorise the Qur'an.
